\*We are constantly adding new pieces to our repertoire, so if you have any specific repertoire requests and needs in mind, just ask!

\*\*Also, please feel free to substitute a piece from one category for another in a different category (for example, a “recessional” piece for a “processional” or vice versa). These suggested categories are only meant to serve as helpful suggestions and to provide ideas for musical brainstorming and are by no means fixed rules of thumb.
